## Money Counts

Complete the three steps to earn your Money Counts Badge.

1. Understand different kinds of coins: Join Jessica to learn all about different types of coins and play an interactive money counting game!
2. Know more about paper money: Challenge yourself to make your very own paper money. Make sure you have $\$ 1 \mathrm{~s}, \mathbf{\$ 5}$ s, $\$ 10 \mathrm{~s}$, and $\$ 20 \mathrm{~s}$.

You will need the following materials: construction paper, markers, crayons, and scissors.
3. Find out the cost of fun: When you are all done, follow along here to practice your money counting skills and learn the cost of fun.

Materials needed: muffin tin, muffin/cupcake cups, paper money, coins (ask a grown up or use your piggybank collection)

Step 1: Write amounts of money on the bottom of the cupcake liners. The amounts of money can represent the cost of toys or fun things to do.

For example:
$\$ .50$ cents = one cookie
$\$ 5.00=$ a ticket to the movies
$\$ .75$ cents= three gumballs

Step 2: Daisies will practice filling the cups with the correct amount of money using their paper bills and coins.
