

## **Use Resources Wisely**

Complete the three steps to earn your Use Resources Wisely Petal.

- 1. **Talk about Clover's Story:** Join Jessica for a read aloud of Clover's story and learn all about how to use resources wisely.
- 2. **Make a collage using old magazines or postcards:** Gather old magazines, postcards, or even newspapers and get to work creating your very own collage! Check out the example below for inspiration.

3. **Practice being resourceful:** Practice being resourceful at home by reusing an item you would normally throw away. For example, instead of throwing away your paper towel roll reuse it to make a telescope!
