### Girl Scout History Patch

To earn the Girl Scout History Patch, you may borrow an Adventure Through Time Box and do activities that will help you *discover* what girls your age did in the past. Included will be a vintage handbook and uniform to help you *connect* with Girl Scouts of the past. You can *take action* by sharing what you find with the community around you. These activities can be done individually or as a troop.

#### Special Opportunity for the 100<sup>th</sup> Anniversary Year

For the 100th Anniversary year, Girl Scouts may create a display for their community. For this year only, creating this display will make you eligible to purchase the Girl Scout History Patch.
