Hands-on, interactive workshop(s): Girls will pre-register for their workshop selections and be placed on a first-come basis; 15-20 girls per workshop; 55 minutes in length. You can offer one workshop multiple times or change it up and offer multiple ones. Title and word your workshop descriptions so that they will appeal to girls in the grades you are offering. Please use a separate sheet for additional offerings. If you are offering multiple workshops, be sure to leave time to join us for lunch (during session 2 and 3). **See full schedule on back.**

Workshops should be hands-on and interactive-our goal is to inspire the girls! Share not only your workshop specific information but your story, what inspired YOU to a career in STEM and why your field is a GREAT field for girls to get into! Time permitting, share what types of classes they should be considering as they prepare for their career choices as well. If you have handouts, please have enough for all participants in your workshops as we will not have access to a printer at the event. It is always best to plan on a couple extra, just in case.

Reserve a table at the Expo:

Girls will rotate through 4 Expo sessions running from 12:25-4:35. The Expo room will be available beginning at 11:00am for you to set up in order to be ready when the girls come in at 12:25. Tables should be inviting, informational and where possible, hands on. We want you to use this space to not only share your expertise and passion for your field but to share information about your specific company or programs. Feel free to put brochures, flyers or anything else you might have to promote YOU as well.

If you are donating door prizes or raffles, they will be drawn during our closing but can certainly be displayed at your table until the end of the day and given to a GSCWM staff person for closing.
