

Woodworker

Complete the five steps to earn your Woodworker Badge.

1. **Swing a hammer:** Watch the attached video to learn how to make art with nails.
2. **Keep it level:** Grab a measuring tape or a level and do a survey of your house. Go to five different spots in your house and see if things are level. Check your floor or ceiling, a shelf or picture frame. Check out this [video](#) to learn how to use a level also known as a spirit level. If you are using a measuring tape you will want to make sure you get the exact same length from each end.
3. **Use a screwdriver:** Watch this [video](#) to learn how to use a screwdriver. Then create something, like a box, frame, book end, or even a bench.
4. **Saw some wood:** Watch this [video](#) to learn how to use a saw and then practice cutting some wood.
5. **Build something yourself:** With your new skills building something. Cut some wood and use either nails or screws to make your own creation. It could be a bird house, a frame, a garden box, or even a jewelry box.
