No Bummer Summer

Complete the three steps to earn your No Bummer Summer Patch.

1. **Do something with Girl Scouts:** Girl Scout fun doesn’t have to stop just because we are stuck at home. Find at least one way to be involved with Girl Scouts this summer. It could be doing one of the other virtual badge or patch programs, a Zoom program, a GSUSA program, or a virtual troop gathering.

2. **Get Outside:** Think of your favorite thing to do outside. Plan a day with your family to do your favorite outdoor activities. It could be camping in the back yard, playing sports, using nature in art, or swimming. Spend the day outside!

3. **Make the world a better place:** Think about different ways you can make the world a better place. You could make a sign or cards thanking someone, you could spread a friendly message on social media, you could make a mask for someone, or clean up litter around your house or at a park or beach. Little acts of kindness can go a long way.
