

Plant Identification

Complete the following steps to earn your Plant Identification [Patch](#).

1. **Choose what you want to study:** Decide if you want to learn about trees or flowers.
2. **Take a look:** Use these charts or a free plant identification app to identify what you see. Go for a walk around the neighborhood, or even look in your backyard to see what is growing.
 - [Tree](#)
 - [Conifer Trees](#)
 - [Wildflowers](#)
 - Free apps: PlantNet, PlantSnap, or any plant identification app you like.
3. **Share what you found:** Share with your family or friend what plants you identified. Share what your favorite one was. Share what was the most common one you found.
4. **Optional Extra Fun:** Create your own tree, flower, or plant. What does it look like? What is its name? Where does it grow?
