

It's a Girl's World

A series of community-based programs covering a wide array of topics and skills. These comprehensive, girl-first programs offer different tracks to meet the needs of participants and promote courage, confidence, and character in all aspects of their lives and education.

Your Best You:

Girls will explore positive physical health practices through fitness and nutrition activities.

Make it Count:

Entrepreneurship, financial-based decision-making, and fiscal independence are practiced in fun and engaging ways!

Create & Innovate:

Innovation, invention, creation, development, discovery, and problem-solving - all this and more are covered in our Science, Technology, Engineering, and Math program.

Full STEAM Ahead:

A series designed specially for girls in grades 6 and above, this program explores the work of women in STEAM and then provides hands-on exploration with activities relating to those careers.

The *It's a Girl's World* program series is typically implemented one session per week for 8 weeks. Our no-cost programs are so flexible, this can easily be adjusted to meet the scheduling needs of any community organization!

Which program would be best for you? Your Best You, Make it Count, Create & Innovate, or Full STEAM Ahead – the choice is yours!
