

Thank You, Parents/Guardians!

This year, parents/guardians have the opportunity to help their Girl Scout have a "Brave. Fierce. Fun!" experience and learn new and exciting ways to begin their new Girl Scout year adventure by running a successful business with the Fall Product

Our Fall Product Program gives your Girl Scout and their troop an opportunity to raise money and earn rewards to help them throughout the Girl Scout year, and helps them build financial literacy skills that will stay with them for many years ahead.

Shown below are two ways to participate this upcoming season – do both, or choose which option works best for you!

Participation Options

Order Card Selling Nut/Candy Program:

Ashdon Farms nut and candy products are a special treat and make wonderful holiday gifts with delivery happening in November. Customers can enjoy the convenience of shopping for high-quality gifts, doorstep delivery with a smile, AND supporting the Girl Scouts!

Online Nut/Candy and Magazines:

We want your Girl Scout to experience success and build confidence, so we carefully select program activities that offer maximum benefit to customers. We know how convenient shopping online is. Now you can offer that for your customers as well. We offer many more online-only opportunities when you shop the online store. We have an expanded nut/candy selection, great titles for magazine choices, tumbler options, and even great gift ideas with Bark Box. It's a great way to participate and generate additional orders. Girl Scouts can simply go to <http://www.gscwm.org/en/cookies/Fall.html> and click on the M2Media online program to sign up right away. There are fun and interactive activities for all and the ordering process is convenient for customers.

Rewards and Troop Income - You've earned it!

- Pictures and details of all the exciting rewards your Girl Scout can earn are printed on the back of the order card. Talk with your Girl Scout about goal setting and come up with a goal that they would like to achieve.
- Junior level and older can elect as a troop to earn more money per item sold if they choose not to earn reward items.

Make sure to attend your troop's parent/guardian meeting to be in on this discussion
Payment for order card Nut and Candy items are required at the time of ordering.
