

# Flowers

Complete the five steps to earn your Flowers Badge.

1. **Uncover the science of one flower:** Learn all about the different parts of a flower and why flowers are so important in this [video](#).
2. **Look under the petals:** Take a walk outside and choose one flower to take a closer look at. Use a magnifying glass or even the zoom in feature on your phone camera to investigate all the parts of the flower. Try and identify the different flower parts you learned about in step 1.
3. **Find out how flowers help people:** Flowers are often used to spread joy and healing. Watch this [video](#) about an artist who is using her talent and love of flowers to help those who are sick then brainstorm ways that you could use flowers to help others.
4. **Have fun with flowers:** Join Jessica to build your own curled paper flowers!

You will need: pipe cleaners, glue gun & glue sticks or craft glue, construction paper/craft paper 3-4 colors, pencil, and scissors.

5. **Send a message in flower code:** Choose one person to send a special flower message to. Look at this [chart](#) and choose the flower that makes you think of that person and then draw or paint them a picture of that flower to brighten their day.
